

FCC informative PSA

We know running a business ain't easy. With all the work, effort, and time put in, it can be really hard manage everything at the same time. That's why at the Greater Fresno Area Chamber of Commerce, we are committed to help improve Fresno's economy through helping businesses and passing effective legislations.

The Chamber offers an array of workshops to its members to help improve and better each individual on the business and personal level. The Chamber also takes a stance for businesses and helps strike down unfair laws and regulations imposed on local businesses.

Businesses and professionals are welcome to join our monthly networking mixers and get to know more people and boost strong connections within the community.

At the Greater Fresno Area Chamber of Commerce, we don't just aim to help our local businesses, we strive to help Fresno's economy thrive, one businesses at a time.

For KYNO, I'm Rebecca Hellwig
